

THE TY TIMES

Scoil Phobail Chúil Mhín

Subject Corner:

An inside view!

Yoga

Each week students spend one double period in a zone a zen! The positive atmosphere along with the stretching and meditation is having a great effect on the TY group. Students are finding it great for both their physical and mental health, with some saying they have taken it up outside of school as a result.

Metal Work

Metal work is taught by Mr Guinan 3 times per week. It is a practical subject where students can use different types of tools and machines and learn skills that may benefit them in their future lives. Some commented that it 'pushed them outside their comfort zones' but are glad they have had the chance to experience the subject.

Work Experience

Students are now on their second work placement this year. Sarah Dowling worked in Hayes McGrath Solicitors located on Lower Baggot Street. She experienced working in this field from filing documents to attending court cases. She shadowed barristers and solicitors as they prepared for court cases and witnessed firsthand the work, and skill involved in this profession. She feels privileged to have had this experience and feels that improved her communication and organizational skills

Global Citizenship 2019

Global citizenship is the idea that all people have rights and civic responsibilities locally and globally. Ty students are part of a program which focuses in global citizenship in their Development Education class with Ms. O Hora. Collectively they have created a video which highlights the steps taken by Coolmine Community School to become better global citizens, for example the use of the stainless steel reusable school water bottle, to fight plastic waste. The students have been promoting this idea through noticeboards around the school building and liaising with The Parents Association. Some students made cultural projects which they will display in Blanchardstown Town Centre with other students from the local area.

Ty Students are passionate about the importance of global citizenship and are delighted to be part of this group that is promoting awareness of our rights and responsibilities as global citizens and in protecting our world for future generations.

Student's Under the Spotlight

Emma McNiece

Favourite Subject: Dance

Favorite Food: Pasta
Carbonara

Greatest Fear: Cats

Greatest Hero: Emma Watson

What I would love to be: An
Actress

Mate Mikus

Favourite Subject: Japanese

Favorite Food: Krispy Kreme

Greatest Fear: Krispy Kreme
closing down

Greatest Hero:

What I would love to be: A
Gucci Model

TY Students Making a difference

Two transition year students, Sarah Doherty and Ella Hobbs were busy in the run up to the Christmas break. They volunteered to organise and collect the money raised during the teachers karaoke. The girls showed great enthusiasm and commitment in doing this. Altogether they raised 600 euro which was donated to St Vincent De Paul.

Student Council

This term the Student Council have been discussing and organising different events to promote Mental Health awareness in our school. On Friday 15th February Coolmine Community School celebrated 'Schools Go Orange' a fundraising event which supports the charity 'Cycle against Suicide'. The message that 'It's ok not to be ok' is being highlighted this week. It was a fun filled day from a balloon release to ice-cream stalls, a bake sale, bicycle races and much more.
