Crossword Competition

This week saw the beginning of Christmas in our school. Trees are decorated in reception and in the canteen. Classrooms and corridors are beginning to look festive. The St. Vincent de Paul food appeal is underway and the Barnardos party preparations are in full flow. It is an open secret that we have some great bakers in Coolmine. Indeed, for the last number of years we have our very own 'Coolmine Bake Off'. A book celebrating some of our recipes 'Coolmine Cakes' is currently with the printer. The proceeds will go to the Peter McVerry Trust. Ms Stafford reminded the First Years and I at assembly that sometimes in life, we need help and at other times we are in a position to give help. I found myself thinking that giving and receiving help are part of what it is to be human. The challenge is to be gracious in both.

This week one of last year's Sixth Years was awarded a scholarship in DCU to recognize his achievements in the Leaving Certificate. Last month, two other Sixth Years received similar awards in UCD. This week also, national statistics demonstrate that Coolmine is one of the top schools in D.15 with the highest student transfer rate to college. Research shows that attendance at Third Level raises quality of life and earning power. These figures are encouraging for all of us. It helps to sustain us, Parents, Students and Teachers to keep our focus in these dark winter days.

Thank you to Mr Kinane our Editor and to all who contributed to this edition of *Parent News*. It is fascinating to observe our students grow and develop as the year progresses and to see such a rich tapestry of school life reflected here.

I wish all our Coolmine families a relaxing Christmas and a healthy 2020.

Patricia Mc Phillips

Seasons Greetings from the PA

The Parents' Association, (PA), would like to take this opportunity to wish all parents/guardians, students and staff of our school a very happy Christmas and New Year.
As a parent/guardian of a student(s) in the school, you are automatically a member of the PA. At each AGM, members of the PA who seek election may form part of the PA Executive Committee. If the PA Executive can be of further assistance to any of its members please let us know.

The purpose and aims of the PA Executive are to:
• facilitate and encourage the participation by parents in the life of the school.
• safeguard the rights and the legitimate aspirations and interests of parents and students.
• foster and promote an awareness and knowledge of education and of other issues, related to students among the parents.
• organise the collective support of the parents for the activities of the school and to support and provide assistance to the staff of the school.
• promote the development of the school as a focus of educational, social and cultural activity within the community.

In pursuit of these, the PA Executive plan, organise and deliver a number of functions to assist in school life such as the Book Rental Scheme, Uniform Supply, Debs Ball, Newsletter and Talks for parents amongst other things. We also get involved in many other aspects of school life which will become apparent as you read through this edition of *Parent News*.

We would like to thank our Principal, Ms McPhillips and Ms Connolly (Vice Principal) and all the staff for the support they give to the PA on an on-going basis. We would also like to thank Ms Manek for her work in gathering the articles from all corners of the school so that this bumper Christmas edition of *Parent News* could happen. Enjoy the read and don't forget to enter the Crossword competition.

Coming Soon! Reading Space for Coolmine by Ms Walsh

Coolmine will be opening its new Reading space very shortly. This area will give students the opportunity to enjoy relaxing and reading their favourite books. Teachers can also utilise this space by bringing their class to complete research for their CBA's or Leaving Cert projects.
To help us get this room ready, a team of very enthusiastic TY students brought their much-needed flat pack skills and our PA will make a contribution to the purchase of books.

Stand Up for Awareness

The students and teachers this year participated in stand up for awareness for the LGBTI+ community with the #come in trending on twitter. This week involved students hearing facts in the morning about their LGBTI classmates. On the Friday students were encouraged to wear a selected rainbow colour jumper to show their support for their classmates. This was the first year Coolmine participated in Stand Up and this follows on from the schools establishing of an LGBT awareness group last year. We are hoping to continue this tradition in school, with the aim always to be that all students feel included and safe in their learning environment.

Student Council by Ms Parker

The student council is made up of numerous students from first to sixth year. They represent the student population thus giving all students in Coolmine Community School a vital voice, allowing them to contribute to their school in a valuable way. Coolmine Community School pupils have an important contribution to make to the effectiveness of their school and their involvement is seen as a valuable part of the education process here in Coolmine CS. This years student council take a very active role in looking at school policies, school principles and other areas that will benefit the school and its students.

To Be Or Not To Be by Ms Dolan

On Thursday 7th November a number of 6th Year students, accompanied by their English teachers, took a trip to Smock Alley Theatre to take in a performance of Shakespeare's *Hamlet*. The Gaeity School of Acting put on a great performance as the students were captivated by the comic adaption of the play. After the performance, the students took part in a workshop where they had the opportunity to share their thoughts on some of the key characters of the play, while interacting with students from around the country who had come to Dublin for the performance. Students also had the privilege of interviewing the actors to gain an insight into how the actors prepared to take on the role of such infamous characters. It was thoroughly enjoyed by all!

Boys Basketball by Ms Nolan

This years season started off with just over 25 students representing Coolmine, on our U16 & U19 teams. We had some tough matches against Setanta, Colaiste Eoin and Malahide to name but a few. Our U19s lost in their playoffs at the end of the season against a National-League-packed squad in St. Andrew's, Booterstown.

Our U16s made it to a semi-final in the Oblates Hall, Inchicore V Templeogue and although they put up a great fight, Templeogue got victory on the day. Their 4th place spot was confirmed this week when we went to Colaiste Eanna and lost in a close match stricken by absences and injuries.

Even in 4th place, our U16s will still qualify for the All-Ireland playoffs in January. They have been warned to go easy on the Mini Heroes and mince pies over Christmas! We are right behind them all the way and wish them the best.

A Feast of Coolmine Talent

A Feast of Coolmine Talent 2020

Coolmine Community School

TUE 21 JAN 2020 8PM Main Auditorium // €10 / Early Bird: 2 tickets for €10 until 23 December 2019

2020 Debs Ball

Friday 11th September 2020
Carnegie Hotel, Swords

Tickets €85
including transport from school to the venue, dinner, DJ, night club, breakfast and bus trip back to the school

Beach Cleanup

3 Adele organised a beach clean up in Donabate as part of their CSPE Action. The class came up with idea after learning about global warming and climate change in class. These have also been topical subjects in the recent past with the two climate strikes where our school was represented this year. The students organised everything. They researched all the Dublin beaches and assessed how littered they were. They collected and organised all the equipment they needed including litter pickers and bags with huge help from the Green Schools committee. On the day students organised into groups, divided up all the equipment, handed out worksheets to assess the type of litter found and got to work. All litter collected was returned to school to be sorted and sent out for recycling. Congratulations on the huge amount of effort and dedication shown by 3 Adele on this action.

European Day of Languages by Ms Brennan

The students and teachers in Coolmine Community School participated in European Day of Languages 2019 on the 26th of September. As part of the celebrations, all first year language students participated in a poster competition in which they demonstrated the importance of language learning. Well done to all students who participated and in particular our four winners; Vincel Caliguia, John Carloungos, Flavia Spinu and Nicola Korson.

St Vincent de Paul

Students from Mr. Kinlon's 6th Year LCA have been organising the annual Coolmine collection for St. Vincent de Paul's Christmas food appeal. Many thanks to all those students and parents who contributed to such a worthwhile cause.

TY Trip to Zip It!

The Transition year students scaled new heights on their recent day out at Tibradden Wood. The TY students accompanied by Mr. Kinlon, Ms. Maher and Ms. O Reardon showed no fear in tackling the treetop high ropes.

Coolmine Cakes by Ms Van Veen

We all keep in our hearts an awareness that our school and community are affected by homelessness. We wanted to do something to help. Together we decided to write a cookbook to raise awareness of the Peter McVerry Trust which does vital work to provide services and offer pathways out of homelessness. All the proceeds made from the sale of this book will go directly to this very worthy cause.

Where the idea for this project all began was from a small I.T. class of 5th year students in 2018. We gathered some of our favourite and much-loved recipes from the staff in Coolmine and our families. The students typed them up and chose the layout designs. We then held a competition to design the front page that was open to all our students. We got some amazing artwork that you will see throughout the book.

A huge thank you to our sponsors for their generous donations which made all this possible: Cunningham's Funeral Directors, Exam Craft Group and the Coolmine C.S Parents' Association, Deirdre Guildea (Past Pupil), Educate.ie, WorldWise Global Schools, Eco Energy Ratings Ireland and Kids Cook.

Thanks to the students who were there from the very beginning when this book was just a thought. Also thank you to the Global Citizenship Committee, led by Sinead Akeke and Vanessa Mut (6th yrs) who ran a bake sale to raise money for this cookbook. Thanks to Hanaa Janahi, 6th year, who gave us this beautiful cover page and to Neepa Myiesha Khan, 2nd year, and Elliott O' Neill, 6th year, for their artwork within the book which adds the perfect amount of Coolmine personality!
And a massive Thank You to the Master Bakers on the Coolmine Community School staff who baked every single cake you will see in this book. Their talent and support never cease to amaze!

A special thank you to a small army working backstage on the project. We hope you will enjoy the delights the cookbook will bring you in early December when it is available for sale in school and from the front office.

5th Year Physics Trip by Ms O'Connor

The 5th year physics class were brought to the Observatory in Birr, Co. Offaly to learn about the Great Telescope (Light microscope) and the Low Frequency Array or LOFAR radio telescope. They were accompanied by Ms Stafford and Ms McIntyre. The students learned about how we explore the Universe by measuring different regions of electromagnetic spectrum. They engaged in a workshop on how imaging galaxies and other astronomical objects had developed since 1845 and took part in an activity on gravitational forces. They learned about real life applications of physics.

Our Global Citizens by Ms O'Hora

This has been a very busy term for our Global Citizens. They are taking their role very seriously and have shown huge commitment with their time and energy. These are young people who are making a difference. This is our committee of teachers and students.

The year started with all our First and Transition year students receiving a stainless-steel water bottle from our Parents Association. This is helping to alleviate our plastic pollution in the school. The students would like to take this opportunity to say thank you to the Parents Association for their very generous initiative.

Our first years are following the global goal challenges in their CSPE and SPHE classes. So, Goal 1, to End World Poverty students have bought Fair Trade products. Goal 2 is Zero Hunger and students have been encouraged to grow their own vegetables, herbs and flowers or they can support the SVP food collection which is being organised by Mr Kinlon and 6th year LCA. This will happen during the month of December in school. There are 17 Sustainable Development Goal challenges and we are hoping that students will complete all by the end of the year to receive a Global Goal Certificate.

Miss Maloney and 6 of her TY students did an artistic response to the United Nations Sustainable Development Goals. They made a textile panel which was put on display in Blanchardstown Library and which is now back in school and will be on display shortly.

Our TY's were invited to a 'Climate Emergency Conference – This Generation's Inheritance' which was organised by Fingal Co Council on October 22nd. They listened to notable speakers such as Peadar King, a documentary film maker who spoke about a small island, Tuvalu, in the Pacific Ocean which is disappearing due to climate change. Also, Patricia King, General Secretary of ICTU, talked about the challenge of climate change and that there must be a 'just transition' for workers. Valerie Molay spoke about her role as UN Youth Ambassador.

We have a new addition to our Garden, our Bug Hotel. Amelie Moore, Rebecca Keegan, Ava Sansovini, Julie Gill and Eva Nulty were instrumental in putting this together. They really enjoyed making it and they chose bright colours to attract the bugs. They collected the materials at home and in school. All the work was done under the supervision and guidance of Mr Kinlon. Mr O'Connell was very helpful in the woodwork department. The girls are hoping that the students and teachers will enjoy watching the movements of the bugs. We have Rebecca, Ava, Amelie, Julie and Miss Campbell.

Soccer by Mr Kelleher

League Loss to Luttrellstown

Our first year soccer team were very unlucky to go down 7:5 to our near neighbours Luttrellstown recently in what was their first competitive match in the schools metropolitan league. It was a thrilling, end to end match between two good teams. Our goals were scored by Lenny Cahill, Emmanuel Okesija, Ben Udemba and two fabulous long range efforts from Ajibola Oluwabiyi. There were many great performances on the day, but the standout was the driving force of Lenny Cahill from the centre of midfield. This team look forward to competing in their final two league games against Beneavin and Pobalscoil Setanta. Good Luck Lads.

Our Global Citizens by Ms O'Hora

November 16th was an important day for some of our Filipino students. They were presented with Certificates of Achievement from the Philippines Consulate General in Ireland, Raymond Garth. This was in recognition of work they did in promoting the Philippines as part of our 'Celebration of Culture' Day last May. In the photograph, Miss O'Hora, Daniel de Guzman, James Casais, Gail Cabello, Raymond Garth (Philippine Consul), Richard Carroll. Missing were Alyssa and Ysabelle Guerra.

Green Schools have been monitoring the use of our bins. They want to encourage students to use the bins properly and are in the process of making a promotional video with the help of Miss Sheridan and Miss Brennan.

Miss O'Connor has been actively encouraging her TY students to become involved in environmental competitions in their Eco-Studies class such as, 'One Good Idea'. They are currently through to the next round of the competition.

Our students, also, supported 'Coolmine Bakes' Cookbook. They had a Bake Sale and the proceeds were given to Miss VanVeen and Miss Nolan to help in printing the book which will go on sale before Christmas. The proceeds from this book will go to the Peter McVerry Trust which does such great work for the homeless.

Coolmine Community School played its part in the Climate Action Strike on Friday November 29th. Accompanied by Miss Brennan and Miss O'Reardon our students made their feelings known with posters and even getting as far as being interviewed by Virgin Media. Ava Sansovini and Brandon O'Neill explained why they were supporting the Strike on TV. All students represented the school very well despite the cold. Grainne Glynn from 2 Cameron describes the day as a very good experience and it is something that she would like to do again. She feels that it is important that the government know that young people are taking Climate Change very seriously. Greta Thunberg watch out.

3 Adele went on a litter pick as part of a CSPE project to Donabate Beach on December 3rd. Miss Casey and Miss Keogh had them fully prepared with hi-vis jackets and litter grabbers. This was an important issue for the class because they are very much aware of the damage being done to our coastlines and beaches as result of litter pollution.

It is very encouraging to see so many young people taking an active part and wanting to make things better for the future. There is, also, huge support from the teachers in the school. I would like to acknowledge the work of Miss McMahon, Miss Davenport and Miss Dolan for taking minutes and proof-reading material.

Our committee of global citizens raise awareness of Global Justice issues and we are supported in our work by WorldWise Global Schools.

We would like to wish parents and students a very happy Christmas and thank you for your support in 2019. From the Committee of Global Citizens.

Soccer by Mr Kelleher

U15 Boys March On

The u 15 boys have produced two dominant displays in the league to top their group and qualify for the league quarter finals. A 4:0 win away to Lucan CC was followed closely by a 7: 2 win at home to Kisheogue. Darragh Hoey, Tolu Olasupo, Sean Douglas and Ethan Hunt all found the net in a at team performance away to Lucan. Darragh Hoey found the net again on 4 occasions against Kisheogue, leading with a real captain's performance. Tolu Olasupo, Sean Douglas and Ethan Hunt also contributed with goals to send the team marching on to the quarter finals where they await their next opponents. Good Luck lads.

Girls Basketball

The U16 (red) and U19 (blue) girls basketball teams managed by Mr. Rooney both did very well to make it out of the group and into the playoffs. Unfortunately both were knocked out in two very close and exciting games.

Coláiste Chúil Mhín 2019 by Mr McNamara

Coláiste Chúil Mhín is a Gaeltacht Summer Course run in Coolmine C.S. every June/July. It offers students an opportunity to experience the Gaeltacht on their own doorstep. This year The Coolmine Parents' Association linked up with Coláiste Chúil Mhín to award scholarships to 10 students of Coolmine. The winners in 2019 were Niamh Rooney, Rachel Dolan, Hannah Mc Donnell, Emma Mc Neice, Sinéad Dowling, Seán Curtis, Zoey Wiley, Anna Huysmans, Alison Reddy and Lianna Connolly. Congrats to you all! The scholarships were presented by Arturo Centore of the Parents Association. We, in Coláiste Chúil Mhín look forward to this partnership continuing into the future. In 2020 the course will run from Monday June 29th for two weeks. Details and application forms are available from any member of the Irish Department in Coolmine.

Science Week

1st years Aisling Coggins, Wynona Gundran and Iria Carcoba, winners of the egg drop challenge 2019

This year Coolmine Science week ran from Monday 11th November to Friday 15th November. Throughout the week the science department offered a variety of events. Students could participate in a daily true or false quiz and the Guess Who quiz, take part in the Egg Drop challenge and the Catapult challenge and see chemistry in action with the chocolate bomb experiment and flammable bubbles. Science quizzes were held within each class prior to science week and each winning team competed in the final for their year group. On Tuesday 12th November the 5th year Physics class travelled to the Observatory in Birr accompanied by Ms. Stafford and Ms. McIntyre. The science department would like to thank all who participated in science week.

College Awareness Week by Ms Maher

College Awareness week took place 18-22 Nov and was a great Success. The message of the week was that there is a place for all students at College . Whether it be at University, College, PLC or apprenticeships. It's all about setting goals and progressing with education.
Each year group had a visit from a University. There were presentations from TU Dublin, UCD, DCU and Trinity College. There were talks on Careers in Business, Creative Writing, Geographic Science and Computing which were attended by students from all year groups.
We had workshops at lunchtime to find your ideal job using personality testing and a careers Table quiz.
The highlight of the week was the Careers Night. We had presentations from colleges on a wide range of courses and the Canteen was filled with our Volunteers who offered to talk to our students about their jobs. We had a wide range of careers represented from Actuary to Journalists. There was a great turn out on the night. The teachers also got involved by talking about their college experiences in class. Many wore stickers stating where and what they studied in college. A great way to get a conversation started with students.

Lovely Hurling by Mr Guinan

We have had a good run in the two Hurling competitions that we have been involved with this year so far. U18 Hurling played three games away to Portmarnock, Home to both Lucan CC and Templeogue. The games were well contested and the team was complemented by referees and opposition management on their behaviour and skill levels. A lot of the team was made up of the U16 team.
The U16 team reached their semi-final Having beat Hartstown 5-18 to 1-4 along the way. They played Rathcoole in the semi-final a team they beat in the U14 Final earlier this year. We unfortunately had some injuries on the day of the game as Rathcoole got the better of us on this occasion.
U14 Hurling will be starting up after Christmas all new players are welcome to play on the school team. We have our title to defend this year.

Leaving Cert PE by Mr Purcell

This year will be the first time students in the country will be completing their LCPE projects. Students will have completed their Physical activity project, worth 20% of their leaving certificate and will be starting their Performance assessments in February worth 30%. Before going on to sit a theory paper completing the final 50%. This has been a challenging experience for the students but one they have approached with great enthusiasm. I want to wish all the students a Merry Christmas and look forward to the New Year.

Maths Week

Maths Week ran from 14th -18th of October . Each day the students were challenged with puzzles that tested and often baffled even the most talented mathematicians. The students had lots of fun in maths classes with class quizzes and daily challenges.

Creative Engagement Exhibition 2019 by Ms Moloney

On November 19th a small group of last years Transition Year group took part in an exhibition of their work produced with funding from the NAPD Creative Engagement program. Senator and broadcaster Marie-Louise O'Donnell gave the opening address.

Students looked at the 17 United Nations sustainable development goal (SDG's) and generating an artistic response to the goals and issues surrounding them. Students produced a large textile piece as a visual representation of all 17 SDG's. The students learned about how traditional textile crafts such as embroidery, quilting, knitting etc. have been used across various cultures and communities in protest and in raising of political or social issues – Trade Union movement, suffragettes, CND protests on Greenham Common to name a few. They produced individual responses as part of a large group piece which we displayed in the local library towards the end of the school year along with research projects on the topic by the students.

The plan outline was as follows;

October – produced visual images in response to theme. Planned individual and group aspects of the project.

Nov & Dec – Workshop with artist on materials manipulation. Worked on individual craft pieces incorporating several textile crafts.

Jan & Feb – workshop with the artist. Students assembled pieces into a group art piece for display. They also made a submission to Blanchardstown Library and Fingal County Council to display their exhibition.

March & April – exhibition mounted, presentation of written research project work.

May – Project evaluated and self-assessed.

Funding allowed us to collaborate with Gabriella McGrath from the Design and Crafts Council of Ireland. Gabriella works in felt making, embroidery and weaving as well as being a seamstress.

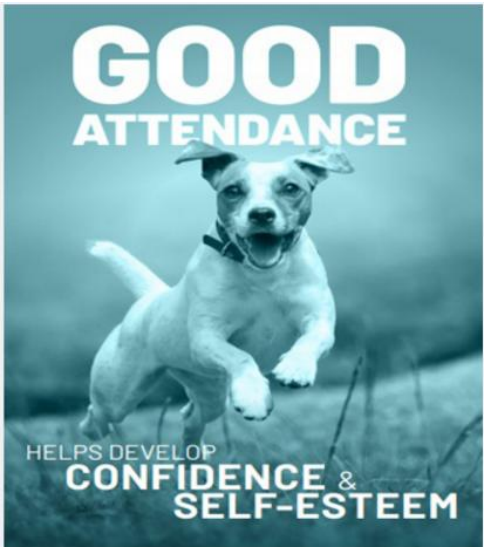

Cross Country by Mr Ward

Our annual Cross Country event took place in a very-wet Phoenix Park on November 21st. Despite the weather we had a very enjoyable day with first year girls winning a bronze medal. Well done also to our Senior Boys who finished runners up. We had various other individual positions throughout the day and the pupils represented Coolmine excellently.

Guidance Department Update

Wellbeing Week Oct 19:

We held our well-being week in conjunction with National Mental Health Day on 9th Oct. A group of teachers met a number of times to devise a plan for the week. We wanted to have a theme for each day: connect, be active, keep learning, give and take notice.
We held activities at lunchtimes which included a choir, Zumba and circuits. The whole school also took part in a 40 minute walk around millennium Park to take notice and be active. On the final day we had a bake sale which raised money for Pieta House. 5-10 minutes was given each day so Students and teachers could be mindful when a guided meditation was played over the intercom.
The poster competition winner was Ava Sansovini Browne in 1 Chandra.

CAMHS:

A small group of teachers are working with CAMHS this term on a pilot project to build strong relationships between them and our school. We recognise the need for adequate rest among our student population, particularly 6th years, and we are working with our students to design a space for them to rest during lunchtime. This is not finalised yet so hopefully we can bring you more information in our next edition.

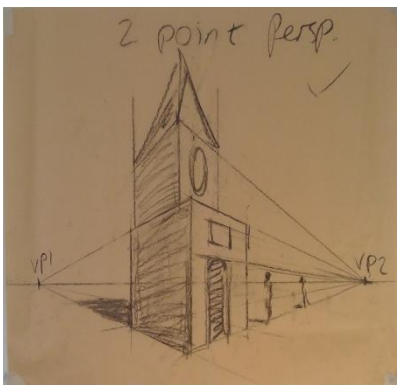

One Good School :

Jigsaw's One Good School™ is a comprehensive initiative which supports the mental health and wellbeing of young people by developing a shared responsibility for mental health across the whole school community. Our school has also been selected to work on this pilot project with Jigsaw. It's a wonderful opportunity to have programmes designed to help management, students, parents and teachers for experts in mental health awareness and promotion. Again this is ongoing so more details will follow.

Transition year drawing workshop in Draíocht by Ms Moloney

In October the Transition year art students got the opportunity to take part in a drawing workshop given an exhibiting artist in Draíocht art centre. Students drew single and 2 point perspective drawings and worked on scaling up drawings using a grid system. These techniques have been used by artists for centuries and are still relevant today for artists working across a wide range of artistic media. The artist Sean Molloy gave a demonstration and helped students engage with hands experience using these techniques.

Crossword Competition

ACROSS

3 The three wise men (or three Kings) were traditionally Gaspar, Balthazar and _____? (8)
6 Uachtarán na hÉireann from 1976 -1990 (7)
